MARK LEVINSON Nº5909

**PREMIUM HIGH-RESOLUTION WIRELESS
ANC NOISE CANCELLING HEADPHONE**

HEAR IT HERE. ONLY HERE™

For 50 years, Mark Levinson has been known for setting the highest standards in audio reproduction, encouraging the discovery of and appreciation for music as artists intended it to be heard. The same details, nuances and intricacies that have propelled Mark Levinson's reference sound for five decades were inspirations in designing the Nº5909 headphone. Music enthusiasts in motion unlock a new layer of sound, whether it's the slightest breath an artist takes before the chorus, or a hidden harmony discovered for the first time.

Built for passionate listeners who desire a more meaningful relationship with music and the ability to explore their curiosities outside the confines of their homes, the Mark Levinson Nº5909 is the perfect companion for inquisitive travelers and audiophiles.

REVEAL THE HIDDEN DETAILS IN YOUR MUSIC - AT HOME, ON THE GO, OR ANYWHERE YOU FIND A MOMENT TO LISTEN

The headphone is packed with features that music lovers on-the-go will appreciate, including high-resolution wireless connectivity via Bluetooth 5.1 with LDAC, AAC, and aptX™ Adaptive technologies, a four-microphone array with Smart Wind Adaption for crystal clear phone calls, world-class Adaptive Active Noise Cancellation with three modes for premium sound isolation, and a selectable Ambient Aware mode for situational awareness.

FEATURES

IMPECCABLE PERFORMANCE

Experience unparalleled sonic reproduction from wireless headphones, allowing you to hear all the nuances and subtleties in your favorite music. Mark Levinson's world-class engineers have designed the Nº5909 to deliver reference-quality sound via 40mm beryllium-coated drivers and high-resolution Bluetooth 5.1 connectivity. The Nº5909's audio performance meets the stringent standards for Hi-Res Audio certification, so you're assured of incredible audio.

PRECISION TUNING

The Nº5909 has been engineered to provide you with optimal sound for an over-ear headphone. Its sound profile has been expertly tuned to the HARMAN Curve*, an acoustic response curve that achieved the highest subjective scoring across listening tests. Experience reference-quality sound, the culmination of decades of research by HARMAN into listening preferences and the science of acoustics.

CRYSTAL CLEAR CALLS

Hold conversations comfortably, in nearly any environment. Four beam-steering microphones with Smart Wind Adaption prevent your voice from being muddled by outside noise. Connect with family, chat with friends, and hold business calls – all in near-perfect clarity.

DESIGNED FOR TRAVEL

The Nº5909 provides up to 34 hours of playback time or up to 30 hours with ANC enabled. And, up to 6 hours playtime with 15-minute quick charge.

Dive deep into your music and block out the noise as you travel with world-class ANC. A hard-shell travel case discretely stores a complete assortment of cables and accessories, including charging cables and airplane audio adaptor.

PERSONALIZED PREFERENCES

Control and adjust the listening settings on your headphones through the Mark Levinson Headphones App on your iPhone® or Android device.

* The HARMAN Curve is the result of decades of studies and research into listening preferences and the metrics of great sound. The HARMAN Curve is the acoustic response curve that has achieved the highest subjective scoring in blind listening tests. Dr. Sean Olive, Senior Fellow at HARMAN and Past President of the Audio Engineering Society, continues to lead further work around the science of headphones and development of objectively based predictive measurement scores for optimal sound with over-ear, on-ear, and in-ear headphones.

MARK LEVINSON Nº5909

**PREMIUM HIGH-RESOLUTION WIRELESS
ANC NOISE CANCELLING HEADPHONE**

SPECIFICATIONS

Type:	Premium High-Resolution Wireless Adaptive ANC Noise Cancelling Headphone
Driver size:	40mm Beryllium Coated Driver
Frequency response (Passive):	10Hz – 40kHz
Frequency response (Active):	20Hz – 20kHz
Sensitivity:	97dB SPL @1kHz/1mW
Maximum SPL:	98dB
Maximum input power (Passive):	100mW
Microphone Sensitivity:	-32dBV @ 1kHz/Pa
Impedance:	32 ohm
Bluetooth transmitted power:	<8dbm
Bluetooth transmitted modulation:	GFSK, π/4 DQPSK / 8DPSK
Bluetooth frequency:	2.402GHz – 2.480GHz
Bluetooth profile version:	A2DP 1.3.1, AVRCP 1.6, HFP 1.7.1
Bluetooth version:	v5.1
Battery type:	Lithium-ion battery (750mAh/3.7V)
Power supply:	5V/1.0A
Charging time:	100 minutes
Music playtime with BT on:	34 hrs
Music playtime with BT & ANC on:	30 hrs
Music playtime with Aux-in & ANC on:	30 hrs
Dimensions (H x W x D)	202.6mm (7.9") x 205.4mm (8.1") x 65.4mm (2.6")
Weight:	340g (12 oz)
Warranty:	2 Years Parts & Labor

WHAT'S IN THE BOX

- 1x Mark Levinson Nº5909 Premium Wireless ANC Headphones
- 1x Travel Storage Case
- 1x 1.25m USB-C to USB-C Charging Cable
- 1x 1.25m USB-C to 3.5mm Proprietary Audio Cable
- 1x 4m USB-C to 3.5mm Proprietary Audio Cable
- 1x 3.5mm to 6.3mm Adaptor
- 1x USB-C to USB-A Adaptor
- 1x Airplane Adaptor
- 1x Microfiber Polishing Cloth
- 1x Quick Start Guide
